Friendly Reminders

Talking Trash: All Cummings leasing clients and their cleaning contractors are reminded to please observe some simple guidelines for trash removal. Please remember that the trash and cardboard compactors are for normal office waste only. When trash is placed in one of the compactors, the compactor ram *must* be operated *through a complete cycle* to prevent overflows and jams. Inappropriate and oversized items, such as furniture, are not to be disposed of in the compactors or left on any loading dock. Open-top containers at the 141 loading dock at Cummings Center are for Cummings Properties' construction use *only*. Client firms are welcome to contact [Junk King](#) at 978-212-3973 for removal of large items.

Shoe Snippets

Fun facts about the historic Cummings Center site, formerly known as "The Shoe"

In the late 1980s, after the close of The Shoe, the factory belonged to Black & Decker Corporation. Its attempt to convert the factory to an industrial park was unsuccessful and ended with a 90 percent vacancy rate. Black & Decker sold the property in 1996 to Cummings Properties for \$500,000. Today, Cummings Center is a thriving business campus that boasts a more than 90 percent *occupancy* rate.
