## Friendly Reminder

**Flu Tips:** Flu season has begun. With COVID-19 still circulating, it is more important than ever to stay healthy. Here are several actions people can take to lower the risk of spreading influenza and other illnesses in the workplace:

- Get the flu vaccine, especially if you have a condition that makes health complications from the flu more likely.
- Regularly clean commonly touched items, such as door handles, phones, faucets, keyboards, and copiers.
- Frequently wash hands with soap and water or an alcohol-based hand gel.
- Cough or sneeze into a clean tissue or the inside of your elbow.
- Avoid close contact with others who have a cold or the flu.

## Shoe Snippets

*Fun facts about the historic Cummings Center site, formerly known as "the Shoe"*

The Shoe was focused on the health, prosperity, and well-being of its employees. Homes were

built near the factory, and some Shoe employees were given the opportunity to own one of those homes with the least possible financial strain. Workers who left the company were permitted to keep their homes.
