## Friendly Reminders

**Mulch is Flammable:** It is essential that all cigarettes be fully extinguished and disposed of properly. *Never* toss cigarette butts into landscaped areas, as bark mulch is flammable. Improperly disposed of cigarettes are a frequent source of landscape fires, which can quickly spread to buildings and vehicles, causing needless damage. Thank you for your cooperation, and please pass the word along to colleagues and friends.

**Don't Be Alarmed:** Required fire alarm system testing will continue throughout Cummings Center and Dunham Ridge according to the schedule below. Testing will start at approximately 6:30 AM, and warning alarms and strobe lights will be activated. Personnel may access client spaces as needed to check device operation.
