Cummings Properties continues to advocate for the [Cedar Street On-Ramp Project](#) proposed by the city of Woburn. This project would add a slip ramp from Washington Street via Cedar Street onto I-93 South, helping to alleviate traffic congestion on Washington Street, Montvale Avenue, and the I-93/I-95 Interchange.

Cummings Properties executive project leader **Brian Murrphy** was appointed to serve as chairman of the Mayor's Cedar Street Ramp Advisory Committee. Pictured above, Murrphy (left) poses with fellow committee members Accurate Glass and Locks & Keys president **John Casey** (second from left) and Ward 5 city councilor **Darlene Mercer-Bruen** (second from right) as well as Mayor **Scott Galvin** (right) and Cummings Properties chairman and CEO **Dennis Clarke** (center). Friendly Reminders

Upcoming Holiday: Cummings Properties' offices will be closed **Monday, September 6**, in observance of **Labor Day**.

Lights Out: To avoid potential damage to equipment and/or projects in the event of a short-term power outage, client firms may consider installing an uninterruptible power supply (UPS), which is a temporary back-up energy source that can be set to automatically turn on when a primary power source is lost. Although there is an upfront expense to install such equipment, a UPS may be particularly helpful for firms that need to maintain continuous power systems to support or serve their clients' needs. View a list of [IT firms](#) within the Cummings portfolio that may be able to assist.

No Friction, Please: Please be careful not to damage carpeting when moving furniture and materials within a suite or along common hallways. Items should never be dragged on carpeting, as doing so will frequently create permanent friction burns that are unsightly and require costly carpet replacement. Thank you for your cooperation.
